I. ABSTRACT

I.I Vision

Our vision is to establish a strong NFT community, coming together to create unique projects. Within this community, we will enable two holders a ride of their life, providing two real life space flight tickets.

I.II Mission

Our mission is to be the first NFT project in history, sending two holders to the space. If you have a passion for space and space exploration, join our outstanding community.

II. INTRODUCTION

Imagine a world, in which individuals with an ounce of creativity can explore their wildest dreams and break through their own boundaries by going to the space.

That's the intention of this project:
Benefit all holders and enable them to do exactly this,
what was believed as impossible

- exclusive life events for all holders will take across the globe
- free airdrops as a bonus to get closer to the moon
- 3 x 10.000 Collection will be launched (batch minimum)

The first batch will be called "TO THE MOON"

- exceptional story telling will contribute to an unforgettable NFT experience

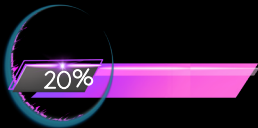

III. ROADMAP

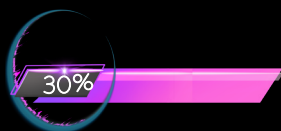

Sold amount activation levels:

Pay back our parents

Activate a stronger marketing campaign

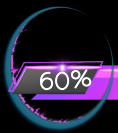

Building a members-only-zone in the metaverse

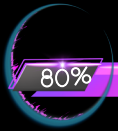

Collabs with brands will be activated

III. ROADMAP

TMS-Merchstore with exclusive and limited merch will be activated in the metaverse and in real life

Customized Tesla Model 3 Win raffle

Real life Spaceship launch event will be unlocked for the community

All Members will take part in an 8 stage community event flying to the moon.

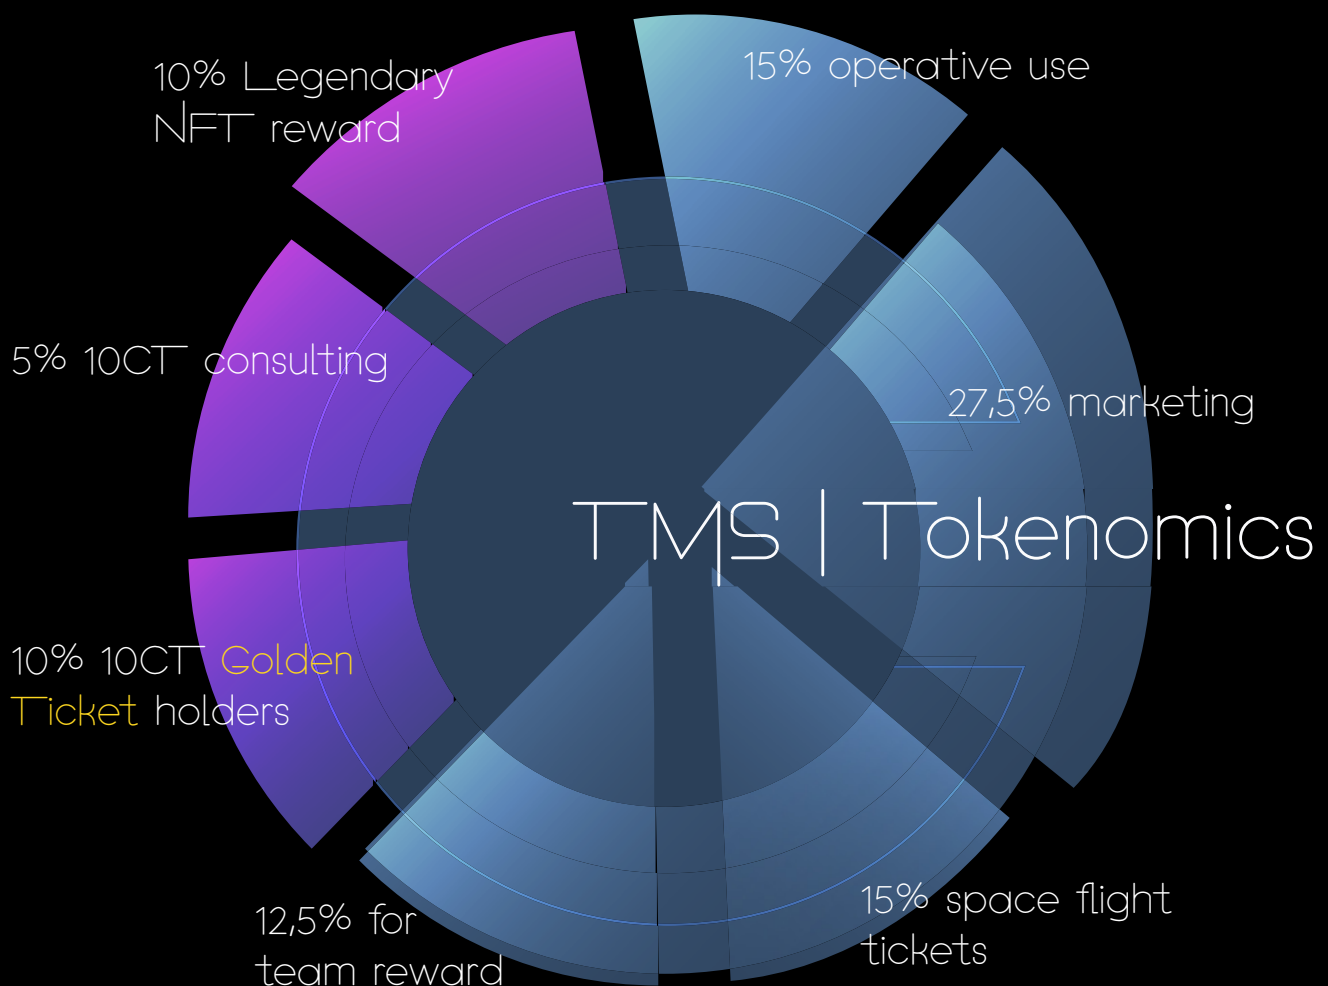

III. ROADMAP

Each event will be supported by storytelling and obstacles to overcome in order to progress to the next event.

At the very end of all 8 events, the most diligent TMS member will get the chance to fly to space in a real life spaceship.

IV. TOKENOMICS

of THE MOON SOCIETY income:

V. REWARDS

For Legendary NFT holders
